DECL:OADR

B-413-IR

United States Department of State

Washington, D.C. 20520

CONFIDENTIAL

TO: Members of the Greenland PCC

FROM: Ralph Johnson  
Deputy Assistant Secretary  
Department of State  
Chairman, Greenland PCC

SUBJECT: Guidelines for Interagency Policy Review on Greenland

Following the first PCC meeting October 10, State consulted the NSC for its views on the structure and length of the study we are engaged in writing. The recommended total length should not exceed 10 to 12 pages. This means that -- with the exception of the material submitted by the Department of Defense -- I must ask you to limit your draft studies to no more than one page per agency. Extra material may be submitted as an appendix to the formal paper. In view of the complexity of the material which the Department of Defense is producing, its draft may reach six pages. This will incorporate the overview of the strategic role of Greenland to North American security which was originally tasked to the NSC.

Following NSC guidelines, the final paper will be issued by the PCC as an interagency policy review rather than an NSR.

Please convey your submissions to the Department of State (attention of Carol van Voorst, EUR/NE, Room 4513, tel. 647-5669) by Friday, November 17. You will be faxed copies of all submissions the following week. I will notify you later this month of the time and place we should meet during the week of November 27 to discuss the drafts.
